Imagine the possibilities...
In the demanding environments where display products are relied on day after day, customers increasingly recognize the importance of quality and of having a partner who can support their evolving needs.

Whether you need one stock item or five thousand custom frames, we are committed to being your source for quality and value in visual merchandising.

We continue to invest to improve the quality of the products and services we deliver to you, our customers. It takes a team effort from our employees, whose priority is ensuring that your projects are successful. Our approach has always been to listen carefully to our customers, and to deliver products that meet your evolving display needs. We service a wide range of industries.

We are proud of our extraordinary reputation for quality, value and reliability. We source the finest quality components, and because we manufacture in the U.S., our supply chain is shorter, “greener”, and we can offer customizable solutions tailored to your needs. We are excited about our future and look forward to continuing our pursuit of opportunities together!

“Imagine the possibilities” in your spaces.

End Panel Brackets facilitate the wrapping of the sides, adding 25” to total graphic width. A bracket is needed for each outer hub and assembly is easy.

Both straight and curved units can have their sides wrapped.

To completely enclose the frame - front, back and sides, End Panel Brackets are required, plus an extra Velcro® brand hook perimeter.

EPB1 Brackets easily attach to frame with screws.

JB1 Joining Brackets join frames together, call to determine quantity.

Modern Frameless Design

Adjustable Depth

Holds any Rigid Substrate
up to 1” thick
(as long as it holds its own weight)

Display graphics and attract buyers with single or double sided graphics. Our unique M shaped Steel Base assemblies accommodate up to 1” thick substrates.

Interior holes with carriage bolts and wing nuts support any rigid graphics. Make matching holes in graphics or use without holes by sandwiching graphic above the carriage bolts.

Extremely cost effective; graphics are displayed in a modern frameless fashion. Extremely sturdy as all the weight is centered on the floor.

3-1/2” Height off floor, 9” front to back.
